

2014 FIM Women's Training Camps

After the great success of its first Road Racing training camp last year, the FIM in partnership with BMW Motorrad and Bike Promotion is again organising in 2014 several specific Road Racing training camps dedicated to women riders.

The next FIM training camp will take place:

17-19 February

Almeria (Spain)

These training camps are unique opportunities for women riders willing to compete in Road Racing as they specifically target their needs and respond to their expectations.
