

CHANGES TO THE SPORTING RULES

ROAD RACING

RR 01.3 **Supplementary Regulations**

For each event, there must be Supplementary Regulations, approved by the FMNR and/or RRC. These SR's must be available for each rider and/or team who wants to participate in the concerning event before the start of this event.

It is possible to omit SR in an RRC FIM EUROPE Championships and Cup, if there is a Promoter or series organizer of the series. But Promoter/Organizer must ensure in writing the same information to the Team / Riders. In the case, there being no or not sufficient information FIM EUROPE regulations the FIM regulations will apply. In addition, RRC can create "All season" SR in cooperation with a promoter / organizer a series.

DRAG RACING

DR14.1.22 **Oil Catch Tanks**

Supercharged or Turbocharged engines must have an oil breather pipe with the outlet discharging into a catch tank. The catch tank must be of an isolated port design with a wall dividing the inlet and outlet cells, two discrete tanks or two tubes. **The catch can must have a capacity that is equal or bigger than the amount of oil used in the engine.** The outlet should be positioned higher in the tank than the inlet, to ensure oil cannot exhaust directly through the inlet and to the outlet. The outlet must vent either into the exhaust or to a second tank, which has to be made out of metal, with a vent filter in top. The tubes must be mechanically secured at both ends. Engines with a breather hose plumbed into a vacuum pump system also require a catch can. Tank made out of metal, with a vent filter mounted in top.

DR11.6.4 **Starting numbers**

Permanent starting numbers are allocated to the riders of each class in the previous year's Championship or Cup as follows:

Pro Stock Bike	PB1	-	PSB10
Top Fuel Bike	TF1	-	TFB10
Super Twins Bike	ST1	-	STB10
Super Street Bike	SSB1	-	SSB10

The other riders will have the same number as previous year or any free number. Riders paying the registration fee can ask for a special number. **In order to race and be awarded points in any FIM E DR competition, all riders must use and display, the start number issued to them by the FIM E DR Commission. It is the responsibility of the rider to ensure they provide the event organizer with the start number issued to them by the FIM E DR Commission when they enter any FIM E race. Points will be awarded to the race number provided to the event organizer only, points are non-transferable.**

DR11.10 Records

Records can only be set during qualifying sessions or elimination's. Applications for an official record are the responsibility of the Rider.

In order to ensure the validity of all new records, a backup performance of within 1% of the mark is required at the same event. In the event that two runs exceed the existing records, but are not within 1% of each other, the quicker time or faster speed will be acceptable as the backup for the slower time which will stand as the new record. If the difference between the faster time and / or speed exceeds 5% then the record is invalid.

Only the rider holding the record at the conclusion of the event will be credited with the record. A rider setting and then losing a record at the same event will not receive credit for establishing a record or receive points for doing so. If two riders have the same record, the rider that made the record first will have the credit.

All records for time are up to 1/1000 of a sec and for speed up to 3 decimal places.

Record applications will only be approved if: Above mentioned is achieved, fuel and weight checked by the scrutineering. **Application for an official record are the responsibility of the rider and has to be done within the time to applicate the record of the race. Application forms will be available at the Race Office / Signing On. The JP or CoC will assist the rider in the application for the record. In case the application cannot be achieved within the foreseen time, for reasons that are beyond the rider's influence, the Jury have to extend the time to applicate the record.**

DR14.1.9 Brake Controls

Hand brake control levers must be mounted on an independent pivot. Where the rear brake pedal is a part of the footrest axis, it must work under all circumstances, such as the footrest being bent or deformed.

DR11.6.3 Number of starters

The maximum number of riders admitted to eliminations in all classes is 16, **unless other number is mentioned in SR.** If less than 13 riders are qualified then 8 riders should start the eliminations. If less than 6 riders are qualified then 4 riders should start the eliminations.

DR11.14 Travel Money

The organiser will pay an additional minimum of €320 in travel compensation for foreigner competitors (riders who do not hold a licence in the event host country) who have qualified within the top ten for that class. **In addition to the minimum €320 described above, each promoter will pay a "Promotors Adjustment". A copy of the promotor's adjustment table shall be provided by the Championship Administrators office upon request.**
