| - For all other drivers | 45 € |

Description of insurance coverage taken by organizer

All foreign competitors must present at Administrative checks an international green card concerning the civil liability towards third parties as well as must present personal accident insurance (insurance police number, insurance office address, covered sum and currency).

Any crew without these documents will not be accepted to start. Local crews will present insurance concerning the civil liability towards third parties at traffic and contribute the insurance for closed road used for automobile slalom (see additional charge of insurance to the entry fee)

IV. GENERAL CONDITIONS

L) Specification for advertising will be given by organizer in Bulletin no.1.

V. RUNNING OF AUTOMOBILE SLALOM

M) The list of accepted competitors and starting times will be posted on 25 June 2017 at 10:15 h. on the official information headquarters' table.

N) Start of Slalom: 25 May 2017 at 10:45

Concept of the start:

Crews (in groups of ca. 30 crews) will be collected in the area of the crossroad at the Stop point of the slalom stage. After that they will drive to the start of the slalom, then turn (ca 300 m below the start) and line up before the start line. Meanwhile, next crews (another ca. 30 crews) will prepare near the crossroad at Stop point. After passing the organizers car that collects cone penalties, the second group of crews can go down to the Start area. The same procedure will be applied during for the whole slalom. During the race crews will be announced by the radio to to get ready in time at the end of the service park.

There will be used yellow flags, which will have marshals on the slalom. This flag will be used as a warning about potential danger for the following car. Slowed car has the right to repeat the stage1.

Start will be carry out on marshal's instruction and in starting order given by organizer.

Every event is composed from three rounds. Winner is a driver with lower counts of time including penalization based on rounds minus the worst achieved result.

The first three rounds will be counted into the CEZ Slalom Trophy. The worst round is not counted.

The start to the each slalom event in the Czech Republic is flying and the driver must obey the instructions from organizer. Further, the driver must start up to 20 seconds from the wave of organizer.

Interval between each start is always specifying in Supplementary Regulations. The start will be given by an electronic countdown system, counting down by seconds and clearly visible to the crew from the start position and electronically coupled to a start line detection device that records any situation where a car leaves the start line ahead of the correct signal.

This start line detection device is 40 cm after the start line in the height of 50 (+/- 5 cm).

The car must be placed in such a way that its foremost part is on the level of the start line.

In case of late arrival to start caused by driver, a marshal of stand records new time and the driver is punished by each beginning minute by 10 seconds. The maximum time for delay is 10 minutes. After that time, the driver is excluded.

Early start is punished by penalization of 20 seconds. However, this penalization does not mean the maximum as the bigger penalization might be assigned by the Steward especially in case of repeating.

Finish of slalom is flying, stopping between finish and table STOP is forbidden and it is punished by exclusion. Counting time on the finishing line must be providing by the device with printing.

Finish will be marked by the red table.

At the distance of 30 - 100 m behind the finish the driver must stop at checking marked by red table STOP.

STOP will be marked by red table.

Driver, who is not able to leave up to 20 seconds after start, will be pushed away to release the area for counting time and will be excluded. The counting of time is carried out with precision on thousandth of seconds. In case of reaching the same time, the quicker round of the compared time is dominant.
