OFFICIAL NOTICE BOARD SPORTITY:

The Autoclub of the Czech Republic has provided the SPORTITY application, which will BE as an electronic information board (notice board) at slalom events, in parallel with the electronic information board on the website www.autoslalom.cz, where the same content will be published. A physical official information board will also be set up in events.

The SPORTITY application is free to download in the Google Play and Apple Store (for Android and IOS systems) for all organizers and competitors.

The password to enter this application is: **AUTOSLALOM**

This application enables passive receiving of information from the electronic information board via push notifications and many other functions, and therefore it is highly recommended that all competitors download it to their mobile phones before the event. This message board will operate throughout the year under the same password during all events.

SUPERCARS SC

JUNIOR 1400
 JUNIOR 1600
 JUNIOR

WOMEN

If three or less drivers will be entered in one class, the class will be joined the closest class. A driver may enter the event with no more than one car. Only in the event of a breakdown or other unforeseen circumstances during practice runs may a driver request permission to start with a different car; the decision rests with the Clerk of the Course.

One co-driver is permitted in the car during the race, but they may not participate in the race as a driver themselves (with the exception of women and drivers from the Junior Trophy). This exception applies in both directions, meaning a competing driver may serve as a co-driver for a junior, and a junior may serve as a co-driver for another driver.

Juniors must have the opportunity to complete at least two full practice sessions at each race. Only one driver is allowed in the car during the race.

Both drivers and co-drivers are required to wear a protective helmet during practice and race runs.

Czech Junior Trophy

The Czech JUNIOR Trophy is designed to determine the trophy winner and the overall standings for drivers aged 12 to 18, competing in cars with engines up to 1600 cc, in a separate junior classification.

Drivers are divided into the following vehicle classes: STOCK, SPORT, and RACING:

j14 - drivers aged 12 to 18 in vehicles with an engine displacement of up to 1400 cc in the STOCK and SPORT groups

j16 - drivers aged 12 to 18 with vehicles over 1400 to 1600 cc in the STOCK and SPORT groups

j20 - drivers aged 19 to 20 with vehicles up to 1600 cc,

- drivers aged 16 to 20 with a vehicle displacement of over 1600 cc if:

- they hold a valid Class “B” driver’s license
- or if they are no longer “beginners.”

Drivers aged 12 to 14 may not participate in slaloms held on public roads.

A “beginner” is a driver under 18 years of age competing in their first season with a car of up to 1,600 cc, who must have their legal guardian in the car. After completing 3 events, the Slalom Commission will decide on independent participation. The legal guardian must nevertheless be physically present at the event.

At each event, the top three drivers in the j14 and j16 classes will also be announced based on their placement in the junior classification.

The winner of the Czech JUNIOR Trophy will be announced provided the conditions of Chapter D, Championship System, Article 3.1, are met.

The winners of the J14 and J16 classes will be the drivers who place highest in the final classification of the Czech JUNIOR Trophy.

J) Number of entrants: The maximum number of accepted drivers is 65.

K) Entry fee and insurance

ACCR made a contract with company Allianz pojišťovna, a. s. with company PLATINUM Consulting s.r.o. established insurance coverage No. 400046134 concerning insurance coverage taken by organizer for damage caused to the other in connection with sports events organized by subject's registered in ACCR.

A part of contract is also based on civil liability towards participants that is arranged to cover the damage cause to the third parties by the participants or their cars during sport event registered to ACCR calendar.

Entry fee and insurance (covering cars for race on closed track) according to the table below will be settled during Administrative checks. The insurance is already included in the entry fee.

Entry fee for AS: 60 €

Description of insurance coverage taken by organizer

All foreign competitors must present at Administrative checks an international green card concerning the civil liability towards third parties as well as must present personal accident insurance (insurance police number, insurance office address, covered sum and currency). Any crew without these documents will not be accepted to start. Local crews will present insurance concerning the civil liability towards third parties at traffic and contribute the insurance for closed road used for automobile slalom (see additional charge of insurance to the entry fee)

IV. GENERAL CONDITIONS

L) Specification for advertising will be given by organizer - Administrative check.

V. RUNNING OF AUTOMOBILE SLALOM

M) The list of accepted competitors and starting times will be posted on the official information headquarters' table.

N) Start of Slalom: 16.05.2026 at 10:45 hod.

Concept of the start:

Start will be carry out on marshal's instruction and in starting order given by organizer.

Every event is composed from three rounds. Winner is a driver with lower counts of time including penalization based on rounds minus the worst achieved result.

The first three rounds will be counted into the CEZ Slalom Trophy. The worst round is not counted.

The start to the each slalom event in the Czech Republic is flying and the driver must obey the instructions from organizer. Further, the driver must start up to 20 seconds from the wave of organizer.

Interval between each start is always specifying in Supplementary Regulations. The start will be given by an electronic countdown system, counting down by seconds and clearly visible to the crew from the start position and electronically coupled to a start line detection device that records any situation where a car leaves the start line ahead of the correct signal.

This start line detection device is 40 cm after the start line in the height of 50 (+/- 5 cm).

The car must be placed in such a way that its foremost part is on the level of the start line.

In case of late arrival to start caused by driver, a marshal of stand records new time and the driver is punished by each beginning minute by 10 seconds. The maximum time for delay is 10 minutes. After that time, the driver is excluded.

Early start is punished by penalization of 20 seconds. However, this penalization does not mean the maximum as the bigger penalization might be assigned by the Steward especially in case of repeating.

Finish of slalom is flying, stopping between finish and table STOP is forbidden and it is punished by exclusion. Counting time on the finishing line must be providing by the device with printing.

Finish will be marked by the red table.

At the distance of 30 - 100 m behind the finish the driver must stop at checking marked by red table STOP. Failure to stop at the STOP line will be penalized according to Q)

STOP will be marked by red table.

Driver, who is not able to leave up to 20 seconds after start, will be pushed away to release the area for counting time and will be excluded. The counting of time is carried out with

precision on thousandth of seconds. In case of reaching the same time, the quicker round of the compared time is dominant.

VI. ADMINISTRATIVE CHECK AND SCRUTINEERING

O)

Administrative check:	16.05.2026	07:00 - 09:15 hod.
Scrutineering:	16.05.2026	07:00 - 09:15 hod.
