ENCLOSURE: Entry procedure - General information

1. REGISTRATION PROCEDURE

The registration of entries is done online.

Step 1: The FMN must request and receive a personal [login](#) for the registration platform (the 2025 login is still valid.)

Step 2: Once logged in <https://fim-rider-registration.com/federation/federationlinks>, the FMN will chose the link “Entry Form FIM Junior MX” and enter its riders per class by selecting the rider in the menu list “known riders”.

If a rider does not exist in the menu list of “known riders”, the FMN has 2 options:

- 1) complete the link “New rider requests” with all the data of the new rider
- 2) or the FMN can send the link “[New rider requests](#)” to the rider to complete it with his/her personal details.

Once it is completed, the FIM will process the new rider to the registration platform and the FMN will be able to select and enter this new rider for the event through the above mentioned [link](#).

Each FMN can enter a maximum of 5 riders in each class of the 2026 FIM Junior Motocross World Championship/Cup; the FMNR can enter 7 riders.

Any rider participating in this event must:

- have the appropriate age for his/her respective class;
- be holder of a passport/ID Card of the country he/she represents;
- be holder of a valid 2026 FIM Junior Motocross World Championship/Cup licence (No. 62 205 11) issued by any FMN.

For any question regarding the registration process, please contact the FIM:

Mr Rodrigo Castro or Mrs Sandra Berthoud at: mxjuniorregistration@fim.ch

3. FMN DELEGATE OR CONTACT PERSON

Since we are dealing with very young riders, we encourage every FMN entering riders in the event to nominate an FMN Delegate on site. Please follow the link “Junior Delegates Lists” in the home page of the registration platform. This FMN Delegate must be holder of a valid FIM Official’s Licence.

If this is not possible, we suggest that you nominate an FMN contact person on site that we can rely on during the event. This person must not hold an FIM Official’s Licence.

The FMN Delegate or FMN contact person will be allowed to attend the meetings of the Race Direction, with priority given to the FMN Delegate.

4. RIDE GREEN CUP JUNIOR MOTOCROSS

The Ride Green Cup – Junior Motocross is an educational and participatory initiative aimed at promoting the effective implementation of the FIM Ride Green Programme among young riders, national teams and their supporting families. The Cup encourages all participating teams to actively comply with the [FIM Environmental Code](#) by demonstrating responsible behavior and good environmental practices at the circuit, in the paddock, mechanics and signaling areas, sanitary facilities, motorcycle washing zones and all areas related to the event.

For this edition, all national teams are required to prepare and submit a Ride Green Team Project in advance of the event (15 days before the event). This project must outline the team’s planned environmental actions, communication and awareness initiatives, and at least one registered social or community action, carried out either in the team’s home community or at the event venue. The project shall be sent until 19th of JUNE to RideGreen@fim.ch for review by the Jury.

Creativity, coherence, commitment and the active involvement of the young riders will be evaluated during both the project review phase and the event itself. The national team presenting the most consistent and comprehensive Ride Green project will be awarded the “Ride Green Cup – Junior Motocross” and invited to the podium for official recognition. Please download the information letter regarding the Cup [HERE](#) and Ride Green Cup Form for teams [HERE](#).

5. RIDER/MECHANIC APPAREL AND APPEARANCE

Riders, mechanics, and team members are encouraged to display the FIM Junior Motocross World Championship/Cup logos on their shirts, uniforms, and clothing.

National teams are encouraged to have shirts, uniforms, and clothing for their riders, mechanics, and team members.

Equipment and protective clothing:

This equipment includes but is not limited to: boots, gloves, jerseys, pants and an unmodified full upper body protection (front and back). Unmodified, shoulder, elbow and knee protections are compulsory. Gloves must be worn at the start of each practice, qualification, sighting lap or race.

9. STARTING NUMBERS

The starting numbers for the event will be allocated by the FIM.

The FMN/rider can select 2 starting numbers from the list (ex. The one the rider is using in national or continental competitions) but there is no guarantee whatsoever that they will receive this number. Therefore, please specify a second choice of starting number on the entry form.
